Interested in any of the following: Computer Networking and System Administration, Computer Support, Cisco (CCNA and CCNP), Linux/UNIX, Microsoft, Security, Wireless, or Virtualization Infrastructure?

From the Cabrillo website (www.cabrillo.edu), select Academics/Careers, then Career Technical Education, and then select Computer and Information Systems or Computer Networking and System Administration for more information.

Interested in becoming a Computer Support Specialist?

From the Cabrillo website (www.cabrillo.edu), select Academics/Careers, then Career Technical Education, and then select Computer Support Specialist for more information.

CS 1 and CS 1L are college-level introductory courses providing a foundation for subsequent college-level coursework. We encourage all students to enroll in these courses.

Cabrillo College is fully accredited. Certificates and degrees are available. Many CIS courses are articulated with California State University (CSU) schools.

The CIS Lab is located in the STEM Center. For information regarding CIS Lab Hours, see http://www.cabrillo.edu/services/stem/STEM_center.html. For information regarding specific courses, please contact the instructor.

Many CIS course sections are taught online AND in-person.

CIS 15 Cloud Programming With Python

Teaches the fundamental concepts and models of application development including the basic concepts of program design, data structures, programming, problem solving, programming logic, and fundamental design techniques for event-driven programs.
